

The background of the entire image is a vibrant, repeating pattern of tropical leaves. The leaves are in various shades of green, yellow, and blue, creating a lush, summery atmosphere. The leaves are scattered across the frame, with some overlapping the central dark circle.

**SUMMER  
CAMP**

11<sup>th</sup> - 15<sup>th</sup> July

Children 3-7 years

## Adventure and fun through stories!

Using a different book each day, we will do science experiments, art and craft, cooking, drama, dance and much more to bring the book to life. Last camp we made giraffe bread, created a gigantic eruption out of cola and mentos, made our own snow playdough to take home and much much more. Each day is filled with excitement and fun!

- Packed-lunch only (snacks and drinks will be provided throughout the day).
- Cancellations will not be accepted fewer than seven days before the first day of camp.

*"I have found it incredibly challenging to find an entertaining, challenging and safe camp for my very active son. Thus, it has been a revelation finding the Iverna Gardens day camp. My son looks forward to the activities, loves the teachers and essentially does not want to come home - by far the best option in London."*

*M., mum of four children*
